l'Histoire du Nursing (CAHN/ACHN) - Annual Conference June 2016  
Call for Abstracts**

**Brains, Guts and Gumption: Historical Perspectives on  
Nursing Education, Practice and Entrepreneurship**

**The 2016 CAHN/ACHN International Nursing History Conference will be held in  
Vancouver, Canada, 16-18 June 2016**

Exploring connections between health, nursing and leadership, the conference welcomes papers that analyze the various ways in which nurses have negotiated their roles as educators, practitioners or entrepreneurs, testing new paths of work and practice as the context of health care changed and demanded new responses. Questions of education, practice, health policy and power will be examined, looking at critical areas of nursing's past. How did local, regional and global health contexts shape nursing practice and education? How did nurses negotiate new domains of work, authority and knowledge? What tensions arose over claims of knowledge, quality training, skill and professional identity? Abstracts on other topics are also welcome.

The conference will bring together scholars, professionals, and students internationally and from many different areas of nursing and health care. We especially welcome abstracts from students.

Please submit a one page abstract (350 words max.) and a one page CV for consideration. State the title of the submission at the top, then list name, credentials, institutional affiliation or city, contact and e-mail information. Submit two copies of your abstract; one must include the author and contact information. Indicate if submission is a paper, panel or e-poster (to be presented in electronic poster format) presentation. If more than one author is listed, indicate the name of the contact person. The second copy should include title and presentation type with no other identifying information. Abstracts must be no longer than one page, with one inch margins all around. Abstracts will be peer-reviewed. Due date for submission Jan. 31, 2016
